Yes, KDHE concurs with the change in the start date to 8/5/22.

Thanks!

In processing the pre award cost approval stuff, Susan and I realized that changing the project/budget start date from 7/1/2022 to 8/5/2022 would make more sense given the timeframe of pre award cost (closer to 90 days). If you are okay with this, can you shoot me an email that concurs with the change in start date and I can just make a notation on the existing, approved workplan I have from you. This won't impact the existing project/budget end date. If you want to chat about it before giving me the okay to change the start date to 8/5, just let me know.

Thanks,
Charlie
